Due to the ongoing pandemic, COVID-19 remains a known event and travellers have extra responsibilities. The Government of Canada may issue travel advisories to avoid non-essential travel (Level 3) or avoid all travel (Level 4) outside of Canada due to COVID-19. These advisories may be issued for all international travel, for specific destinations or for certain types of travel (i.e. cruises).

Travel advisories can impact travel insurance and are subject to change. They may be issued, lifted, and then reinstated depending on the status of COVID-19 infection rates in Canada and abroad.

It is critical to plan ahead, do your research and regularly review all requirements for your departure, arrival at your destination, and return to Canada. As with every trip, we recommend you review and follow [Government of Canada travel advisories](#).

Travel insurance does not cover everything. For complete terms, conditions, limitations and exclusions, please refer to the policy.
